College Principal’s Column

Dear Parents and Friends,

Last week I attended a conference in Brisbane for three days. This conference was for P-10 / P-12 principals and primary school principals. I found it a very significant conference and I established new contacts while renewing some old contacts. It was essential for me to be at this conference as we are still in our infancy as a P-12 college and I needed to learn as much as I could for the sake of the learning of our students.

One of the speakers challenged everybody with one of his statements where he said that our current students will have 17 different jobs as they progress through life and most of those jobs have not been created as yet.

That really challenges everything that all schools do in order to make sure our young people are well prepared for the best future.

He also challenged us, while thinking about how we can meet the needs for the future of all students, to think about what schools, teaching and learning etc will be like in the future and that was something that many principals found to be very challenging.

Another of the speakers – Rabia Siddique - spoke of her life experiences and challenged everybody to address their current reality and see if it is the best world to be developing. Her life experiences have been amazing and she spoke with such passion and drive in a very positive framework for all to hear.

I would encourage anybody who is interested to read the book that she has written about her life. A lot of her presentation was focused on equality and the need to make sure that is always paramount in what we are doing. She held the principals’ spellbound before she made some big challenges for them to address.

Truly amazing people such as this are wonderful to hear and they enable us to learn so much more about ourselves while developing the best ways to the future. Professional development such as I experienced through this conference was invaluable and I will now do all that I can to use what I have learnt to continue to develop Nambour State College to be the best that we can possibly be in all ways.

HEAD OF SENIOR SCHOOL
Dear students, parents and friends

The term is flying by at an incredible rate! Our Year 12s have now completed their QCS test (no doubt to their great relief) - my very sincere thanks to Nikki Grigg and Matt Bradley for the mountains of work they put into helping the students prepare for the test. They truly do above and beyond.

Some fantastic news. Our Year 9 debating team competed in the finals of the Readers Cup challenge and achieved a fourth place in a tough competition. A number of our students also participated in the annual STEM awards at USC, winning the ‘People's Choice' award and even more of our students have returned from a huge week at the Ekka conducting regular milking displays. Further details and photos about all of these activities can be found on our Facebook site.

Some more fantastic news - Year 11 students Oakleigh Wilson and Hamilton Kay-Butterworth have both been accepted for the UQ Young Scholars program! This is a wonderful achievement - well done, Oakleigh and Hamilton!

A reminder that on Wednesday 7 September, the College will be conducting a Farm Futures Forum to look at the direction in which our farm will go in the future. Ray Pembleton, former HoD Agriculture at the College, has offered to chair the Forum. If you would like to attend the event, please RSVP by email to raypembleton@hotmail.com no later than Friday 2 September.

Awards Night is on the 3 November and preparations are well underway. Students in Years 7-12 have been emailed nomination forms for the 'Cultural Excellence Award', students in Year 12 have been emailed nomination forms for the ‘Bendigo Bank All-rounder Award', and those in Year 11 have been emailed nomination forms for the 'Rotary Citizenship Award' and the 'Rotary Mentor Award'. The closing dates for submission of nominations to A12 is Friday 9 September. Please note that late applications will not be accepted.

Attendance

The Senior Campus attendance for this Semester currently stands at 87.6% as compared with 88.8% for Semester 1. After a dip of the flu season, term 3 attendance is heading upwards again:

- Year 7 88.8%
- Year 8 86.2%
- Year 9 87.9%
- Year 10 85.7%
- Year 11 87.8%
- Year 12 89.3%

How can I help my child succeed at school?

Reading is a fundamental skill in almost every walk of life. ‘Book week’ is a great time to encourage our children to be involved in reading for fun. Reading is like most other skills in life - we only get better by doing it and as parents we are helping our children enormously by encouraging and supporting their reading, discussing with them the books that they have read.

We have fantastic libraries at the College with a wide range of books and, of course, there are limitless resources available through the internet.

Thought of the week

"Don’t wait for extraordinary opportunities. Seize common occasions and make them great."

Orison Swett Marden

Have a fantastic fortnight!

Sean Maher
From the Head of Junior

What an amazing celebration of Book Week we had last week! The week ended with a brilliant Book Parade with our students and teachers looking amazing in their costumes based on their favorite book characters. Thanks to our whole school community for your participation and hard work to make this Book Week such a success!

I would like to take this opportunity to thank our Support Staff for their amazing dedication to our school. This week is School Support Staff Recognition Week and these staff in many ways are the unsung heroes of our school system. Without these fantastic staff, schools would not be able to function! There would be no enrolments, no phones answered, no play areas or ovals freshly mowed and safe, things would stay broken, computers would no longer be networked or effective educational tools. Our Support Staff go the extra mile and have a lot of pride in their work to ensure the best service possible. Happy School Support Staff Recognition Week!

The importance of reading every day

The positive effects of regular reading practice is well researched and well documented. Reading really is absolutely fundamental – children need to be able to read well in order to learn and navigate life. Reading also has a surprising number of other benefits:

- Children who read are better at maths
- Reading provides stress relief and boosts analytical thinking
- Reading fiction helps children develop empathy towards others
- Reading boosts self-esteem and communication skills, and
- Reading changes the structure of the brain.

The cumulative effects of children skipping their reading practice or choosing not to read for pleasure cannot be underestimated.

So how do parents develop a daily habit of reading?

- Start with a mini habit – two or three minutes at a time and steadily increasing by a minute
- Add variety to reading – use magazines, newspapers, graphic novels, recipes, instructions for equipment
- Share your own love of reading – talk about your favourite books, read out loud funny passages, and talk about the benefits of reading
- Read aloud books children can’t read for themselves at the moment
- Encourage siblings to read to each other

Morning Tea and Lunch

The food children eat is the fuel they need to run their little bodies. Better food equals better fuel and better fuel means a healthier body. Explain which foods are best -- fruits, vegetables, whole grains and things that aren’t deep fried or full of sugar. Let children have input into their morning teas and lunches by all means, but in the end the decision is yours!

Illness

We are doing our best to ensure continuity of our teaching staff at this time. Quality relief staff are in short supply and sometimes we actually can’t find anyone. In these cases, the class is divided amongst other classes or may be supervised by a specialist teacher. In all cases teachers do what they can to ensure a quality program for students continues.

Prep 2017

Enrolments for Prep for 2017 have commenced. If you have a child born between the 1 July 2011 and 30 June 2012 your child is eligible for Prep in 2017. Enrolment Packs are available

Why can’t I skip my 20 minutes of reading tonight?

By the end Year 6 Student A will have read the equivalent of 60 whole school days. Student B will have read only 12 school days. Which student would you expect to have a better vocabulary? Which student would you expect to be more successful in school...and in life?

Parents and Carers are advised our Prep Open Day will be held on Saturday 10 September from 1:30pm to 3:00pm. Come along and hear all about the Prep Curriculum, meet our staff, have a look around our facilities etc. Please spread the word to friends and families who have children who will commence school next year. Individual invitations will be sent to those who have their names down. A reminder that there are no enrolment boundaries for Nambour State College.

**Student Celebrations**

We have amazing children in our school achieving in their chosen interests at high levels. If your child has achieved something wonderful outside school please let us know either through the office, your child’s teacher or email info@namboursc.eq.edu.au

We love to hear about what our children are doing!

**YEAR 12 TERTIARY-BOUND STUDENTS – QTAC AND TERTIARY APPLICATIONS PROGRAM**

Tertiary-bound Year 12 students are busy this term learning about QTAC (Qld Tertiary Admissions Centre) and making decisions about the transition from secondary to tertiary study. QTAC is a private company that handles applications for universities, some private colleges, and TAFE Diploma and Advanced Diploma courses.

QTAC on-line applications opened on August 2. The application fee is $37. Students can list up to six course preferences. Applications must be lodged by September 30th to avoid incurring a late application fee of $138. Students can make up to three free changes. After that, each change costs $37. It is preferable to avoid making too many changes until Year 12 results are issued on December 18th.

http://www.qtac.edu.au

Only one QTAC application can be lodged, which can include up to six different courses at the same institution, six of the same courses at six different institutions, or various combinations. Students are offered only one course, provided students have satisfied the appropriate prerequisites and OP or selection rank.

All Year 12 students have been issued with their copy of the *QTAC Guide 2017*. Included in the QTAC Guide is a parent brochure which answers common questions that parents have about entry to tertiary study. Information about EAS (Educational Access Scheme), a scheme for QTAC applicants who have experienced difficult circumstances, is also included with the QTAC Guide. Additionally, students have received a *NSC Tertiary Applications QTAC Survival Guide* which simplifies the electronic lodgement process and covers important issues associated with tertiary studies.

Tertiary-bound Year 12 students will undergo three QTAC sessions with the Guidance Counsellor. Parents are welcome to attend these sessions. Students and parents are also welcome to make an appointment with the Guidance Counsellor, preferably after August 30th.

Students are encouraged to attend relevant tertiary *Open Days* which are comprehensively listed in the *QTAC Guide 2017* on pages 22-23. Open Days vary according to the institution and generally occur on weekends in August and September. For example, the University of the Sunshine Coast Open Day was on Sunday August 7, 10am-2pm at the Sippy Downs campus. The UQ Open Day was also held on Sunday August 7.

**Help create a more connected world this R U OK? Day**

Our senior campus via the year 7 Peer Helpers is getting involved in this year’s “RUOK day?”.

http://www.ruok.org.au/join-r-u-ok-day

**When we stick together, everyone is better**

It’s less than 2 weeks until R U OK? Day (Thursday 8 September). It’s our national day of action and a reminder to regularly check in with family, friends and workmates. This year we’re asking everyone to make more time for the people who matter to them.

**What can you do?**

It’s simple. Reconnect with someone you’ve lost touch with.

R U OK? Ambassador and media personality Bianca Dye is encouraging everyone to pick up the phone and have a heart-to-heart more often. She recently shared how calls help her cope with life’s ups and downs.

“When my anxiety is getting too much, I know I can always call my mum. She’ll pick up the phone, listen and knows exactly what I need. Knowing she’s always going to be there helps,” said Bianca.

To help you do reach out to a loved one on R U OK? Day, Virgin Mobile are offering their customers free voice calls within Australia.
Celebrate R U OK?Day!
Follow the example of our Principal Partner Hungry Jack’s and champion the message in your workplace, school or community this R U OK?Day. Whether you need a presentation pack, posters, email signatures, screen savers, media toolkit - we have your back!

Start a conversation
You don’t need to be an expert to have a conversation with someone you’re worried about. Just ask; listen and don’t judge; encourage action; and check in regularly. Find more tips at the link below.

Cherbourg Excursion for Community Pathways

Community Pathways and Cherbourg
Friday 19th August students from Community Pathways embarked on a journey to Cherbourg’s Ration Shed Museum.
This term these students have been learning about two Indigenous cultures: Australian Indigenous and the Inuit Indigenous of Alaska, Canada and Greenland.
This provided a platform to deepen their learning about Australian Indigenous culture and history.
We are grateful to Aunty Ada and all the staff at the Ration Shed for their warm welcome and free sharing of knowledge.

JUNIOR DANCE TROUPE.
We currently have 20 junior students from Year 7 and 8 enrolled in the Junior Dance Troupe who meet every Tuesday morning from 8.15 – 9.00. Ms McInnes and 3 Year 10 dance students Shani Porter, Imogen Setch and Caite Hunt are leading this group as they develop their skills and learn a routine.
Watch this space as these talented young dancers are very impressive and we hope to showcase their talents in October.

Ms McInnes, Shani, Imogen and Caite.

Farm Futures Forum
As part of our 2020 Vision process, the College is developing a strategic plan to guide the future directions of our Farm.
To facilitate this “The Farm Futures Forum” will be held on Wednesday 7th September 2016 starting at 6.00pm at the College in Hungerford Hall. The aim of the forum is to:
“Provide whole-community input and support for the direction of the College farm to ensure the sustainability of the farm and the ongoing provision of relevant learning opportunities for our students into the future.”
A wide range of staff, parents and members of the broader community are being invited to ensure the best chance of meeting the aim of the evening.
If you would like to attend the evening, please RSVP by email to raypembleton@hotmail.com no later than Friday 2nd September.
Book Week

On the 26th of August, the junior campus celebrated Book Week in style. With the theme for 2016 being “Australia, The Story Country”, we had rainbow fish, green sheep, Ned Kelly, swaggies, pirates and fairies all join us for the day along with many book characters from new and old favourites. We began with a parade where every grade strutted their stuff in front of the school, who clapped and cheered for their friends.

This was followed by the announcement of our winners of our Book Week colouring competition. Congratulations to Heidi Johnstone (Prep), Ashton Sinn (Gr 1), Tia Rose (Gr 2), Ruby Pokarier (Gr 3), Amelia Talbot (Gr 4), Marlee Croft (Gr 5) and Tamika Banks (Gr 6). All students received a certificate and a book prize.

The morning was finished with a short film called “Soar”. We would like to thank all the students for participating in our Book Week celebrations and look forward to our next one in 2017.

TALENTED ART STUDENTS

Our college is full of such talented students. Displayed throughout our administration building on our Senior Campus is senior and junior students’ artwork.

If you are in our Senior Campus administration building take the time to have a look at this wonderful display of artwork.

P & C, TUCKSHOP AND UNIFORM SHOP

NEXT MEETING:

The next P&C meeting will be held on Wednesday 19th October 2016.

The Meeting will be held in the senior campus library at 6.00pm for a 6.30pm start.

Please pop in at 6.00pm to catch up, have a chat and a cuppa before proceedings.

We welcome all parents, carers and community members – old and new, and invite you to come along to one – or all – of our P & C meetings. Our meetings are relatively casual and give you the opportunity to speak with like-minded parents and to be involved with the direction that the P & C and the school takes into the coming year and beyond.

Thanks to those parents and interested community members who continue to take the time to attend our meetings. Without you, we would not be able to operate. Thanks to our committee who have worked so well together to accomplish what we have these last 12 months and we look forward to another interesting year.

Our meetings are held usually on the third Wednesday of each month in the school library, commencing now at 6.30pm. We encourage getting together at 6.00pm for a cuppa and a chat before the start of our meetings.

If you would like any information regarding the school P & C, please call the P & C office on 5450 4121 or email on pandc@namboursc.eq.edu.au

Please get involved with your child’s schooling and come along to a P & C meeting.

SCIENCE WEEK

National Science Week was held during the week of August 15th. Each day there were activities, competitions and Science movies. Daily, first break was filled with various fun competitions which saw students trying to:

- find the quickest way to empty a bottle (many different methods were tried out);
- dry ice magic with Peter Sinclair;
- the famous egg drop with only 2 sheets of newspaper and 1 m of sticky tape;
- trivial science pursuit;
- and marshmallow tower constructions.

Many thanks need to go to Jenny Page, The College’s P & C, the Hospitality Department as well as the Science Department for all their continuing support.

NEWS FROM OUR MUSIC DEPARTMENT

Senior Music Night

Music students from Years 10-12 have been busy this fortnight preparing for the big music showcase, Senior Music Night. There was a big turn-out with many parents, friends and students attending this event. It was a great atmosphere and a great night. A huge congratulations to all students for their hard work! A big thank you to Shelly M Photography (Michelle Munson) for sharing these fantastic photos from Senior Music Night.
JUNIOR VOCAL GROUP – CALLING ALL SINGERS

There is a Junior Vocal Group starting at Nambour State College for all students in Years 7, 8 & 9. There was a meeting on Monday of this week to sign up, however it is not too late! All Junior students are more than welcome to join. For any interested students that have not signed up, please come and see Miss Drinnen in the music block (S block) to show interest.

SAKG

It has been an absolute pleasure to welcome Years 10 and 12 childcare students to SAKG along with their class teacher, Mrs Anderson-McColl, during the last 2 weeks. Our young students delight in the visits and the opportunity to work with our teenagers.

Year 12 have joined in the cooking preparation with our Year 3 students helping out on our seasonal menu of sandwiches, iced tea, sweet potato gnocchi and salad.

Year 10 joined Year 4 students for some Kokedama Drama! Kokedama’s are Japanese string plants. They are an on trend gardening sensation, making beautiful works of art using plants and string that are suspended. They look great hanging in groups. We are preparing these delights for sale at our inaugural NSC Fair.

Year 4 students have also been working on some air plant creations which will also be on sale at our Fair.

We are looking for donations of the following items for recycled projects in our garden. If you are having a clean-up around the yard/shed and you find any of the following, we would love to have them:

- Old pavers
- Bricks
- Off cuts of wood
- Off cuts of PVC pipe
- Hubcaps
- Old hose – perfectly ok if it has holes in it

Thank you

RE: 2017 SENIOR JERSEY

ORDER YOUR JERSEY NOW.

The jersey committee has made the final decision about your 2017 senior jersey. The design will be very similar to this year’s jersey with only a few minor changes.

To ensure that we have the jerseys no later than term 2 week 1, the orders have to be in by Friday 27 November, 2016.

The jersey’s cost will be $100.00. They are not compulsory; and it is your choice whether or not to buy one. Your child will be informed when they can start placing their order.

If you have any fees owing your order will NOT be taken until these fees are paid. This is not negotiable.

I will be putting the order in at the end of November and NO late orders can be accepted. This is to ensure delivery of the jerseys in week 1, term 2. This is the manufacturers timeline.

The jersey payment will need to be made in full, to secure your jersey. No deposits will be accepted. This is also not negotiable.

HOW TO ORDER

1. Pay at the payments counter.
2. Bring your receipt to B-Block staffroom.
3. Try on samples to get your size.
4. Complete the order form

Ms Phelan and the Jersey Committee.
