

NambourState College

Pinnacle Program **Application**

Accelerated Learning Program

Nambour State College has built a strong reputation for providing outstanding academic outcomes. The Pinnacle Program is an accelerated learning program to support students of above-average ability, and engage them in leadership and skill-building activities beyond the classroom.

Providing a learning environment that supports deep and extended learning, the Pinnacle Program encourages students to strive for excellence, and supports a focus on higher-order thinking skills and problem solving. Students will support each other in learning, participate in peer mentoring and receive academic coaching. The program supports and coaches students to achieve highly and develop essential academic skills, whilst being assessed equally to their peers.

Your child could gain successful entry by:

- Pinnacle Program application
 - Year 6 Reporting
 - A recommendation from the School Principal and/or Year 6 teacher
 - Diagnostic testing (e.g. ICAS or NAPLAN)
- Pinnacle Scholarship (Round 0) test in grade 5

Queensland Government
