eLearning

Nambour State College eLearning

In the Senior Campus all students have access to online eLearning environments for all of their classes. In this space teachers store resources used in class, for “flipped learning” and assessment.

Can students bring ipads or tablet devices ?

Yes - but only as a secondary device. The primary device should be a Windows or Apple laptop. Android and iPad devices have access to the Internet only.

Is it different for a student doing a specialist subject e.g. Film & TV, Graphics ?

Yes - a high end laptop capable of handling Adobe Premier Pro or Autocad is required. High end processor, 8GB RAM. Contact the school for more detail.

Who is responsible for the security, integrity, insurance and maintenance of thier personal laptops and their private network accounts ?

Students and parents / care-givers are responsible.
