## From the Principal

### School overview

Nambour State College is a Prep - Year 12 school of over 1550 students located in the main centre of Nambour. It was created at the start of 2016 by the amalgamation of Nambour State School and Nambour State High School. This has forged a new direction for state education in Nambour. The high school was attended by former Prime Minister Kevin Rudd, and there have been many illustrious people come through both former schools and now through the college enhancing its reputation. The college vision and the direction set in the 2020 Vision for the next 4 years were developed in a collaborative manner and build on the fine standards that existed in the previous two schools. This new direction and high level of success has seen strong growth in enrolments. Our reputation and standards attract students from across the Sunshine Coast with no enrolment boundaries. Our school farm is unique with an outstanding reputation through local and state shows along with overseas connections. It is a working dairy and students learn all the key parts of agricultural life. Students from all year levels in the college are able to learn in this centre. The junior campus has a Stephanie Alexander Kitchen Garden. The college has a school pool on the junior campus that is used by the full range of students. There are a number of halls to support student activities. In recent years many general school facilities have been enhanced and student education is supported by the most stimulating learning environment possible. The middle school has seen a focus on students being successful, confident, creative, active and informed. The Year 7-9 classes have been restructured with Pinnacle (for gifted and talented students with high level NAPLAN and semester results) classes being a large focus. Multiple learning and career pathways are provided for students to ensure they have the best opportunity for success. Year 10 is the start of the senior school with many subjects modelled on those in Year 11 and 12. There is an extensive range of senior school subjects and this attracts many students to the available learning opportunities. Whilst in the senior school many students complete school based apprenticeships and traineeships. This vocational focus caters for many students' needs for their future lives. Nambour High was repeatedly acknowledged as supporting the largest number of school based traineeships in Queensland and this standard continues for Nambour State College. Our college's teaching pedagogy is currently being remodelled to impact in the best manner on students' learning. Our school is a Positive Behaviour School (PBL) across P-12 and consistent practices are adopted throughout. This program further emphasises the school focus on students doing the best they can at all times, be it in behaviour, academic work or the myriad of other pursuits they follow. Our college also supports an off-site alternative education centre called SWAG (Students with a Goal) for those students in Years 8-12 who are considered at risk of completing their education. Classes for sporting excellence in volleyball, tennis and rugby league have been created and have resulted in success at state and national levels with students in year 4- 6 now heavily involved in weekly programs. Our college has a highly successful English as an Additional Language unit attracting many overseas students each year from all year levels. The college also caters for students with special needs (P-12) with highly trained and motivated staff offering extensive individualised programs and life skills catering for the full range of students' disabilities. The two units along with the Student Wellbeing team (Positive Schooling HOD, Chaplains, Nurse, Guidance staff, School Based Police Officer) provide an extensive level of care and support. Nambour State College is also fortunate to have the support of a dedicated, proactive P&C committee and School Council. There are five key college committees Teaching and Learning (TL), Positive School Culture (PS), Curriculum (C), Literacy (L), Numeracy (N). Vision To support our students to excel in their chosen pathways, nurturing independence, compassion, innovation and global citizenship. Values Local foundations, global opportunities

## Characteristics of the student body

### Student enrolments

Table 1: Student enrolments at this school

Enrolment category	2017	2018	2019
Total	1529	1602	1640
Girls	752	778	801
Boys	777	824	839
Indigenous	147	145	143
Enrolment continuity (Feb. – Nov.)	90%	90%	89%

Notes:

1. Student counts are based on the Census (August) enrolment collection.
2. Indigenous refers to Aboriginal and Torres Strait Islander people of Australia.
3. [pre-Prep](#) is a kindergarten program for Aboriginal and Torres Strait Islander children, living in 35 Aboriginal and Torres Strait Islander communities, in the year before school.

In 2019, there were no students enrolled in a pre-Prep program.

### Average class sizes

Table 2: Average class size information for each phase of schooling

Phase of schooling	2017	2018	2019
Prep – Year 3	22	23	22
Year 4 – Year 6	26	24	26
Year 7 – Year 10	22	24	24
Year 11 – Year 12	19	17	16

Note:

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

## Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

### Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

### How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

## Social climate

### Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

## Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

## Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community. Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

## School disciplinary absences

Table 6: Count of incidents for students recommended for school disciplinary absences at this school

Type of school disciplinary absence	2017	2018	2019
Short suspensions – 1 to 10 days	439	430	480
Long suspensions – 11 to 20 days	21	15	14
Exclusions	7	3	8
Cancellations of enrolment	3	17	11

Note:  
School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

## Environmental footprint

### Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	650,045	631,359	627,034
Water (kL)	21,679	17,177	10,381

Note:  
Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool\* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

\*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

\*Teaching staff includes School Leaders.

\*\* *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

#### Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.

For more information, please refer to the following links

## Professional development

### Teacher participation in professional development

Queensland state schools undertake 5 staff professional development days (25 hours) throughout the year:

- 2 days at the end of the summer holidays (fixed)
- 2 days during the Easter holidays (flexible)
- 1 day in the third last week of Term 3 (fixed) on the student free day.

Description	2017	2018	2019
Year 12 student enrolment as a percentage of the Year 10 student cohort	85%	89%	84%
Year 12 Indigenous student enrolment as a percentage of the Year 10 Indigenous student cohort	44%	63%	70%

Notes:

1. The apparent retention rate for Year 10 to Year 12 = the number of full time students in Year 12 expressed as the percentage of those students who were in Year 10 two years previously (this may be greater than 100%).
2. *Indigenous* refers to Aboriginal and Torres Strait Islander people of Australia.

## Student destinations

The Queensland Department of Education conducts [annual surveys](#) that capture information about the journey of early school leavers and Year 12 leavers from school to further study and employment.

### Early school leavers

The destinations of young people who left this school in Year 10, 11 or before completing Year 12 are described below.

Schools work closely with a range of external agencies to support students who left school early.

Our Principal, Deputy Principal, Regional Transitions Officer or Guidance Officer liaises with early school leavers and their parents, providing a service 'beyond the school gate' to assist early leavers make a successful transition to other educational pursuits or employment.

### Next Step — Post-school destinations

The results of the 2020 Next Step post-school destinations survey, *Next Step – Post-School Destinations* report (information about students who completed Year 12 in 2019), will be uploaded to this school's website in September 2020.

To maintain privacy and confidentiality of individuals, schools with fewer than five responses will not have a report available.

This school's report will be available at <https://namboursc.eq.edu.au>.
