

## iPad start of year procedures

What do we need to do on the iPad before school starts?

Create an iTunes account and consider setting up family sharing.

Sign the Junior Campus iPad Program Agreement Form.

Update to iOS 12.  
Download the required apps and arrange into folders.

Attend the HIVE during student free day to on board iPad.

What do we do with the iPad on the first day?

Ensure iPad is fully charged.

Bring the iPad to school in a water resistant sleeve, inside their back pack for traveling to and from school.

Teachers will assist students to store their iPad safely when they arrive at their classroom.

What will happen on the first week?

Students will be taught how to safely care for their iPad at school.

Student iPads will be connected to the school network.

Students will take their iPad home at the end of the day and return it to school each morning charged.
