

Nambour State College

Pinnacle Program **Application**

Accelerated Learning Program

Nambour State College has built a strong reputation for providing **outstanding academic outcomes**.

This is the tenth year Nambour State College will deliver an exciting program that caters for the needs of highly academically-minded students.

The Pinnacle Program is an accelerated learning program to support students of above-average ability.

Providing a learning environment that supports students' learning, the **Pinnacle Program** not only encourages students to strive for excellence, it also supports a focus on higher-order thinking skills and problem solving.

Students will support each other in learning and participate in peer mentoring.

The Pinnacle Program also provides students with the skills to be active citizens within our community and achieve excellence in their senior years of schooling.

Your child could be chosen by:

- Pinnacle Program application/possible written response to selection criteria
- A recommendation from the School Principal and/or Year 6 teacher
- Year 6 test results
- ACER test results
