

## Junior Campus BYOD iPad Requirements

### Why iPad?

- ◇ Enables students to develop 21st Century Learning skills
- ◇ Allows anywhere, anytime learning
- ◇ Encourages learning in STEM and inquiry based learning
- ◇ Allows for differentiation and personalisation
- ◇ Promotes high student engagement
- ◇ Provides a consistent device for ease of use
- ◇ Bridges the gap between home and school
- ◇ Supported device by DET with minimal technical support requirements
- ◇ Vast functionality—iOS 17 and app selection
- ◇ Portability (including camera) with a 10 hour battery life

**Why iOS 17?** With all students running iOS 17 at a minimum, teachers can easily supervise students through the use of Apple Classroom. This allows teachers to remotely view students screens, lock students into apps and quickly share content. Support staff are also able to assist all students in the same manner.

### BYOD Process

Acquire device with recommended specifications

Read and discuss the Junior Campus BYOD iPad Program Charter with your child

Sign the Junior Campus iPad Program Agreement form

Create an iTunes account and consider setting up family sharing

Update to iOS17 and download required apps

Bring the iPad to school in its protective case
